## DETAILED ACTION

### Status of the Application

Receipt of the request for extension of time (3 months-granted), the Notice of Appeal, the Remarks/Response and Amendment, all filed 02/12/04 is acknowledged.

Claims 1-12 and 15-17 are pending. Claims 1-12 and 15-17 are allowed.

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Neil H. Hughes on April 07, 2004.

The application has been amended as follows:

#### In the Claims:

Claim 1, line 5, after the word "convert" the words "at least 70%" have been replaced with "greater than 80%".

**Claim 12**, line 3, after the word "than", the word "80%" has been replaced with "90%".

**Claims 13, 14 and 18 have been cancelled.**

***Allowable Subject Matter***

Claims 1-12 and 15-17 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the prior art does not disclose nor fairly suggest a process of making a pharmaceutical composition comprising moexipril magnesium, comprising the step of reacting moexipril or an acid addition salt thereof with an alkaline magnesium compound so as to convert greater than 80% of the moexipril or moexipril acid addition salt to moexipril magnesium. Rather, the prior art teaches that only a portion of drug (if any) may be converted to the alkaline salt and that the stable product results entirely or primarily not from conversion to alkaline salts, but from stabilization of the moexipril hydrochloride by the presence of the alkaline stabilizing compound in the final product.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
